REVENUES

The Board charges a fee for the authorization of debentures in accordance with the schedule set out in Saskatchewan Municipal Board Fees Regulations 1989 #1. The Regulation also provides for a $20.00 fee for each application to construct works as a local improvement and every application to borrow.

Comparison of Revenues for the last four years:

Year	$
1991	144,532
1990	192,333
1989	198,589
1988	216,726

LOCAL GOVERNMENT COMMITTEE

The Local Government Committee assists and advises municipal councils, boards of education, union hospital boards and conservation and development area boards on matters of capital financing, debt management, utility rates and local improvements.

OBJECTIVE

The Committee, as directed by statute, supervises the long term debt issues of local authorities. This supervision ensures financial stability while protecting their credit ratings and investors. By statute, the Committee is the provincial authority designated to approve certain financial transactions of local authorities.

ACTIVITIES

(a) **Long Term Borrowing:**
- Local Governments long term obligations are dictated by statute and subject to the Committee's authorization.

(b) **Local Improvement:**
- The Committee approves construction of local improvements and assessment of the costs to abutting or benefitting property owners. When the affected property owners are denied the right to petition, the Committee conducts a hearing in the community.

(c) **Capital Trust Fund:**
- The Committee approves the creation, additions to and withdrawals from an investment of Capital Trust Funds.

(d) Reserve Funds:

- The Committee approves the creation and use of reserve funds as required.

(e) Sinking Fund Transactions:

- Investment and use of municipal sinking funds are subject to Committee approval.

(f) Sewer and Water Rates:

- Towns and villages must submit their sewer and water rates to the Committee for review and approval. Equitable rates and self-financing of the utility are the Committee's primary concerns.

(g) Municipal Supervision of Budgets and Mill Rates:

- At the Minister's request a municipality may be placed under the Committee's supervision. It's budget and mill rate are then subject to the Committee's approval.

(h) Agreements with Senior Governments:

- Prior to approving Housing, Special Care Homes and Land Assembly agreements the Committee must determine the local authority's ability to fulfil the terms of the agreement.

(i) Advisory Assistance:

- A major role of Committee Members and Staff is to provide advice to local authorities on a variety of matters.

- The experience and expertise of the Committee lends itself to counselling local authorities. Methods of debt financing, benefits of reserving funds for future capital expenditures, and provisions of various statutes are examples.
